Plantation and Cultivation
of 90 Red Sandalwood
Plants in 25 Cents of land
over ten years duration
can yield approximately 10
tonnes of Red
Sandalwood.

Farm land Plantations are at mother place of Red sandal Wood.

**Great
opportunity
for
Investors**

Diamond mesh fencing

C C Cameras

Drip irrigation

Solar power

**Believe and invest on land and own
them at affordable prices now**

"Red Sandal plant- A money pouring plant"

"Red Sandalwood" Statues like Ganesh, Lakshmi and Buddha have huge demand in Asian Countries, as they believe these statues are auspicious and bring luck and Prosperity since they are made using Red sandalwood trees.

In countries like China & Japan "Red Sandalwood" Oil is used as a coolant to reduce the radiation generated by nuclear reactors.

"Red Sandalwood" Powder is widely used in herbal products as it possesses high Medical Values.

Does Money grow on trees...? Yes, it happens Today in the world of Red Gold.
